

Comfort Systems USA Reports First Quarter Results

May 4, 2005

--- Backlog Increases to Another Record Level ---

Houston, TX – May 4, 2005 – Comfort Systems USA, Inc. (NYSE: FIX), a leading provider of commercial, industrial and institutional heating, ventilation and air conditioning (“HVAC”) services, today announced net income of \$529,000 or \$0.01 per diluted share, for the quarter ended March 31, 2005, as compared to net income of \$1,043,000 or \$0.03 per diluted share, in the first quarter of 2004. Bill Murdy, Comfort Systems USA’s Chairman and CEO, said, “Although as expected we earned less than we did last year in our seasonally low first quarter, we continue to feel positive about our prospects to exceed our 2004 earnings during 2005.”

The Company reported revenues from continuing operations of \$204,690,000 in the current quarter, an increase of 6.2% as compared to \$192,801,000 in 2004. Approximately 3.3% of this increase related to internal growth and the remaining 2.9% resulted from the acquisition of Granite State Plumbing & Heating in January 2005. Following a very strong fourth quarter cash flow, the Company reported negative free cash flow of \$7,436,000 in the current quarter which was funded entirely by existing cash balances. Backlog as of March 31, 2005 was a record \$629,600,000, up 9.8% from \$573,400,000, the previous record as of December 31, 2004.

Murdy continued, “Our increased revenues and record backlog reflect continuing improvement in activity levels and suggest a good opportunity for success during the remainder of the year. Our acquisition of Granite State Plumbing & Heating has met all of our initial expectations, and they are part of our revenue and backlog increase. However, even without the effects of the Granite State acquisition, revenues were up \$6.3 million and backlog has increased by \$140.6 million from a year earlier.” Bill Murdy concluded, “Overall, we believe we remain well-positioned to deliver strong results in 2005.”
